

MOUNT CARMEL CEMETERY

ADAIR COUNTY, MISSOURI

This cemetery brought to you by [Twyla](#)

This cemetery is located next to Mt. Carmel Church on State Route CC about 1 mile North of the Macon County line and about 5 miles South of the junction of #11, #149, and CC.

In 1875, Wilber and Helen (Shaff) Vandiver moved from Knox County to southern Adair County. Within the next few years, four of their children died. These four children are buried near the center of the cemetery which was then called Morris Cemetery. The name was changed to Mt. Carmel by Aaron Hopson (father of Mrs. Blanche Lowrance). In 1875, there were only a few graves in the extreme northwest corner. In 1894, the present church was built. The land the church was on was donated by John Sadler. The cemetery has been enlarged through the years. In 1971, land was bought from Ernest Magers across from the old cemetery.

According to Sarah Compton Sadler, mother of Ester House, the third grave was the baby of her great aunt, Sarah Thompson Linder, buried in August 1866. The earliest grave was December 10, 1824.

Information was copied from the stones by Esther Sadler House. Information about the cemetery was from an article by Stella Vandiver Belfield in 1978 when she was 88 years old. (She was the ninth child in the Vandiver family.) Mrs. House provided other information also.
